

**Effective July 3, 2022, Inspire's Early Embarkation COVID-19 (Antigen) Home Test order deadline is changing to five (5) calendar days before sail date from three (3) calendar days before sail date due to potential transit delays.**

## Health Records

In order to be cleared to arrive at the Port, you must provide Health Records using **one of the options** below.

All guests (U.S. and international), **ages 5 and up** and are not within the CDC defined [Grace Period](#), must be fully vaccinated prior to their sail date. Guests ages 4 and under must provide proof of a **negative COVID-19 test result** (paid for by the Guest) taken **between 3 days and 24 hours** before their sail date. The test should be a NAAT test, rapid PCR test or lab-based PCR test. **Rapid antigen tests are not accepted.**

**Grace Period:** Guests who turn 5 years old within 5 weeks of the sail date, and are not yet fully vaccinated, are permitted to sail with proof of a **negative COVID-19 test result** (paid for by the Guest) taken **between 3 days and 24 hours** before their sail date. The test should be a NAAT test, rapid PCR test or lab-based PCR test. **Rapid antigen tests are not accepted.**

In consideration of guidance from the CDC and the World Health Organization, Disney Cruise Lines accepts the following vaccine types [Learn more](#).

**Option 2:** Obtain a third-party test that meets DCL's requirements and upload the test result to Safe Passage for verification.

- This option requires two steps: 1. Obtain an approved test and 2. Upload the test result documentation to Safe Passage for verification.
- Cost can range from \$75 to \$250 USD depending on the test provider and test type.
- Test must be administered by a qualified test provider within 2 days of the sail date.
- Guest must upload the test result to Safe Passage for review by Inspire Diagnostics by midnight prior to embarkation day.
- The review process may take up to 24 hours to complete. If the test documentation is not approved by the guest's port arrival time, guest will be directed to the Inspire Diagnostics Help Desk at the port for assistance.
- Guest must ensure that the test result documentation meets Disney's requirements (see below). Any deviations may cause your test result to be rejected.

## Embarkation Screening

### Important

Completing Early Embarkation testing prior to embarkation day enhances the efficiency of boarding and confirms you are negative for COVID-19 prior to traveling to the terminal. [Show less](#)

**Option 1 (RECOMMENDED):** Order an at-home early embarkation test from Inspire Diagnostics.

This is the most convenient and cost-effective option to allow your party to skip the at-port testing process and proceed to boarding.

- Cost of the antigen test is \$46.58 USD. Test can be ordered directly from Safe Passage.
- Test can be performed in 15 minutes in the comfort of your own home and is administered by a trained Inspire Diagnostics technician via an internet video (Zoom) session.
- Test result is automatically uploaded to Safe Passage within minutes of test completion. Guest can skip the test document upload process.
- For guests who are unable to use the at-home service, Inspire Diagnostics also provides a convenient in-person testing option near the terminal 1-2 days prior to each sail date.

All Inspire-provided early embarkation tests are approved by Disney. No further action is needed by the guest to ensure that the test meets DCL requirements and test results are automatically sent to Safe Passage. No test documentation upload is required.

#### Disney Requirements for **Third-Party** Early Embarkation Tests:

Guests who opt to obtain an early embarkation test from a third-party test provider must ensure that the test meets the following Disney requirements. Any deviation from the below requirements may cause your test result to be rejected. In this case, you may be required to obtain another early embarkation test or test at the port, at guest expense.

1. Test result documentation must be uploaded to the Safe Passage website by midnight prior to embarkation day.
2. Test must be administered or observed by a licensed medical professional, telehealth or test provider.
3. Test must be taken no more than 2 days prior to your cruise sail date.
4. Test result documentation must contain the following information:
  - a. Test result documentation must be provided by a qualified test provider
  - b. Full name of guest (must match the name on the reservation)
  - c. Date of birth of guest (must match the DOB of the guest on the reservation)
  - d. Test type must be: 1. Antigen, 2. NAAT or 3. PCR
  - e. Test provider name and contact information must be listed
  - f. Test date must be no more than 2 days prior to the cruise sail date
  - g. Test result must be Negative

Guests who are not fully vaccinated are required to take a COVID-19 test administered by Inspire Diagnostics at the terminal before boarding. Fully vaccinated Guests can complete an early embarkation test in order to be exempt from testing at the terminal. Guests who upload documentation for 90-Day recovered may also be exempt from testing.
